General Rules (excerpts from rulebook):

Equipment:

If competing on lead, dogs must wear a flat buckle or snap collar. Harnesses that are fixed – for example tracking or body harnesses are also permitted. Leashes should be long enough to provide adequate slack.

Martingale and slip collars may be used on the grounds but may not be utilized during an on-lead search. Head halters, prong collars, moving harnesses (such as “no-pull” harnesses) and any harnesses that are designed to be correctional are not allowed. Electronic collars which provide vibration, shock, sound, or spray/chemical corrections are not permitted on trial grounds, however, GPS and location collars are permitted on course. Judges may request proof or to examine the collar should questions arise.

Special Equipment

The dog should be comfortable with all special equipment and said equipment should not interfere with their ability to work. Note that there is a deduction for the dog “excessively fussing” with their equipment. Equipment should not interfere with the dogs' movement or the Judge's ability to evaluate the team's performance. If the handler must touch the dog to adjust the equipment then an additional deduction for touching the dog will be incurred.

The following dog equipment is permitted on grounds and while working:

- Boots / footwear
- Coats / jackets / sweaters
- Cooling coats
- Field guard / head net
- Goggles
- Locator collars (NO SHOCK, SPRAY or BUZZ)

Muzzles are permitted provided they meet the following requirements:

- Must be basket style
- Made of steel wire, plastic-coated steel wire, plastic, leather or biothane
- Must be properly fitted for the dog
- Must allow the dog to breathe freely.

The presence of a muzzle does not excuse a dog from any deductions or reprimands for misconduct or aggression.

Leash Requirements:

Lines and leashes up to 30 feet in length of any material are permitted. Slip leashes are permitted to walk to the line but dogs must run on fixed equipment if running on lead. Flex-leashes are not permitted. All dogs must be leashed at the conclusion of the run to avoid deductions.

- Lost Item Recovery – searches may be off leash at the discretion of the judge

Rewards:

Dogs may be rewarded at all levels in the quarry area AFTER the judge verifies their success except where noted in the rules for each class. Rewards may include touch, praise, food and/or toys. These rewards must be presented without unduly disturbing or contaminating the search area.

Handlers are allowed to give verbal encouragement during the course without deduction providing it does not interfere with the search pattern of the dog. Handlers may provide a reward on course before completing their search for confidence or redirection purposes, but a food lure deduction of 5 points will be applied to their final score.
